**Paper 4: Speaking 5 minutes per student (30 marks)**

You will have 3 minutes for your preparation.

**Part A: Reading Aloud**

You have 1 minute to read one of the given passages.

**Set 1**

Hello! I'm Jessie. I live in Central. I'm 13. I'm tall. I have long, straight hair and I have a ponytail. I'm energetic. I like dancing. I practise hip hop dancing with my friends. They're creative and come up with new steps. Sometimes, we watch K-pop videos together. We always get very excited when we see our favourite groups. The singers dance well! My parents like dancing too, but they never do hip hop dancing. My dog Judo is cute. I teach him how to do hip hop. I think he likes it!

**Set 2**

Nice to meet you! At our school, we have lessons in different classrooms, so we carry our bags with us everywhere. I like swimming in the pool. There's also a library and a football pitch behind the assembly hall. I study a lot of subjects but my favourite ones are PE and Science. Right now, I'm making a robot for a Science project. There are many school clubs you can join, like golf, horse riding and ballet. What's your school like? I can't wait to meet you in Hong Kong!

**Set 3**

I fell in love with this restaurant when I saw Hello Kitty on the windows and tables! Everything in the shop was pretty. When we went in, the waiters greeted us with a smile. Mum and I ordered Hello Kitty shrimp dumplings and custard buns. They looked cute and delicious. I took many photos of them! We had fried rice with chicken as our main course. It was so big that we almost couldn't finish it. I really liked this savoury dish. I recommend this restaurant to all Hello Kitty fans. You shouldn't miss it!

## Part B: Individual Presentation

You have 1 minute to give a presentation on one of the three topics given. Study the following mind maps for all 3 sets.

### Set 1

*Your English teacher has asked you to introduce yourself to your classmates.*

Prepare a one-minute presentation about yourself. You can use some ideas from the following mind map and/or your own ideas in your presentation.

### Set 2

*You are telling some new students about school life.*

Prepare a one-minute presentation about school life. You can use some ideas from the following mind map and/or your own ideas in your presentation.

### Set 3

Your teacher asked you to tell your class about your favourite place to eat out.

You are now preparing the one-minute presentation. You may use the ideas from the following mind map and/or your own ideas in your presentation.

You may use the following or your own words to begin and end your presentation.

Good morning/afternoon, everybody. I'm going to talk about \_\_\_\_\_.

That's all I want to say. Thank you.
